

KASHISH Devnani

Neurosurgery Lead

About Me

Motivated medical student on a neurosurgery track with strong leadership roles as Neurosurgery Lead and University Lead Ambassador at MedHack. Brings a foundation in biomedical science, hands-on CPR and emergency response training, early clinical exposure, and research experience in advanced immunotherapy (CAR-T). Demonstrates disciplined communication, initiative, and responsibility across medicine, aviation sciences, and regulatory fields. Actively seeking clinical neurosurgery experience, shadowing, observerships, and research opportunities to build real-world surgical insight and patient-care competency.

Hard & Soft Skills

- Leadership & Organisation
- Team leadership
 - Event coordination
 - Project planning
 - Public speaking
 - Interpersonal communication
 - High-pressure communication
 - Patient and student education
 - Emergency response and basic life support
 - Clinical communication and patient interaction
 - Medical case interpretation and academic writing
 - Basic surgical skills exposure (simulation & workshops as Neurosurgery Lead)

Education:

BSc (Hons) Biomedical Science
University of Buckingham, UK
2022–2024

ICSE / ISC
GEMS Modern Academy, Dubai
2014–2022

Certifications & Volunteering

- POD of Inclusion Council**
2021–2022
• Advocated for inclusive education, collaborated with SEN students, and organized school-wide initiatives
Research Assistant – Life Sciences
MAHE University Dubai
Supported experiments, sample preparation, and data recording for life-sciences projects.
- Biology Tutor – MedSoc Club
Designed lesson plans and taught middle-school biology weekly.
- AVIATION & REGULATORY QUALIFICATIONS**
Aviation (In Progress)
Currently undertaking aviation-related training with an interest in flight health, aerospace physiology, and emergency medical protocols for air travel.
- RERA Licensed, Real Estate Regulatory Agency**
Innovation Experts, Dubai 2025
Completed RERA certification demonstrating competence in regulations, compliance, and structured client communication.
- OTHER PROFESSIONAL EXPERIENCE**
Customer Service Roles – Tesco, Local Takeaway (UK)
2022–2024
Managed high-pressure customer interaction, issue-resolution, and multitasking in fast-paced environments.

Clinical & Medical Experience

Neurosurgery Lead

MedHack, UAE
2024–Present

Lead neurosurgery-themed medical innovation and student events.
Designed neuroscience workshops, surgical-skills sessions, case-based discussions, and simulation-based learning.
Collaborated with faculty and medical teams to develop neurosurgery-focused educational activities for students.

University Lead Ambassador

Represents the university at intercollegiate medical events and conferences.
Organizes academic, networking, and innovation-focused initiatives.
Functions as the bridging link between students, faculty, and external medical bodies.

Dubai Health Authority
2024

CPR & AED Certified – Heart Safe City Program (DHA)

Completed rigorous emergency response training covering CPR, AED operation, airway safety, and critical emergency management.
Strengthened readiness for real-time clinical emergencies and patient stabilization.

Online Doctor Shadowing

2022

Observed clinical decision-making, diagnostic reasoning, and patient communication through virtual consultations.
Gained early insight into multidisciplinary medical work.

RESEARCH EXPERIENCE

Dissertation Researcher – CAR-T Cell Therapy

University of Buckingham, UK
Conducted systematic research on CAR-T immunotherapy for hematologic and solid malignancies.
Studied mechanisms of T-cell engineering, antigen-escape phenomena, cytokine-release syndrome, and therapeutic optimization strategies.
Analyzed clinical trial outcomes and evaluated future directions in personalized cancer therapeutics

LEADERSHIP, COMMUNITY & TEACHING EXPERIENCE

Mental Health Week Coordinator

GEMS Modern Academy, Dubai
2021
Educated students on emotional wellbeing, coping strategies, and peer support.
Built lesson plans and delivered sessions to younger grades.
POD of Inclusion Council

2021–2022

Advocated for inclusive education, collaborated with SEN students, and organized school-wide initiatives.

Research Assistant – Life Sciences

MAHE University Dubai
2021
Supported experiments, sample preparation, and data recording for life-sciences projects.
Biology Tutor – MedSoc Club

2021

Designed lesson plans and taught middle-school biology weekly.
Inter-School Science Fest Roles

GEMS Modern Academy

2020–2021

Moderated expert sessions, coordinated project exhibitions, and mentored junior teams.
Volunteer – Adopt a Grandparent Program
India & UAE

2019–2021

Provided social support to elderly residents through structured conversations and emotional engagement.
